

Breakfast Event: People issues in the US? Join our expert speakers from Littler's Boston office.

We have enjoyed running an exclusive breakfast briefing for UK businesses with an interest in US HR issues. We are delighted to welcome as lead speaker <u>Adam Forman</u>, who specialises in advising overseas businesses on operating in the USA, and who is the coauthor of the firm's Start-Up Guide For Foreign Employers and his colleague <u>Michael Mankes</u>.

This breakfast briefing included:

- the HR aspects of setting up shop in the US
- · key employment law issues every US workplace needs to know about
- compensation and benefits
- managing US-based employee exits

It was great to welcome UK and EU HR professionals/internal counsel who had responsibility for US-based HR operations.

Event details

Wednesday, 13 March 2019
