

The inaugural Littler European Employer Conference launched in London!

The inaugural Littler European Employer Conference launched in London in November

Thank you to those who attended our first European Employer Conference on 14 November.

We were delighted to host 168 attendees from 13 countries from all four corners of Europe, America, and Mexico. Our strategic event focussed on the theme of **“The Changing Face of the Workplace”** in Europe and beyond with speakers from Accenture, Uber, Google, and Oracle to name a few and built on the tradition of Littler’s market-leading event in the USA, [The Executive Employer®](#).

Feedback

If you wish to share any feedback with us from the day please email your usual Littler contact or EuropeanEmployer@littler.com. All feedback will be really useful in helping us design next year’s conference.

Littler's European Employer Survey

Littler launched it's [second annual European Employer Survey Report](#) at the conference. The survey - completed by 572 in-house

counsel and HR professionals – shows European employers navigating a variety of legal, social and equality-related issues impacting their workplaces. For more information and to download the complete survey report and infographic, please [click here](#).
